

TEAM MEMBER	CAPABILITY AREAS	SEAPORT-E FUNCTIONAL AREA(S)	POINT OF CONTACT	
Na Ali'i	<ul style="list-style-type: none"> • Program Management • Base operations support services • Telecommunications and network support • Engineering • Technology support • IT and management consulting • Acquisition management • Environmental sciences and engineering 	2, 3, 5, 6, 9, 10, 13-20	Jason Greenawalt 703-832-8034	
ES&T	Emerging Science & Technology	<ul style="list-style-type: none"> • Technology development for geophysical, counter-terrorism, and hazardous duty applications. • Systems engineering, engineering development, and product design. • Exclusive rights to several core technologies including specialized sensors, robotics and bomb mitigation techniques. 	1, 2, 3, 4, 5, 8, 9, 10, 12, 14, 15, 16, 18, 19, 20	Joe Foley 301-432-7641
Optical InterLinks	<ul style="list-style-type: none"> • Polymer waveguide technology • Design, fabrication, and packaging of optical waveguide circuits and interconnection products • Unique core technologies and processing capabilities for creating prototype optical and bio chip products • Application-specific products based on unique and proprietary technologies for creating polymer waveguides under the name GuideLink™ and novel optical fiber ribbon configurations under the name DistributionLink™ 	1, 2, 5, 8, 9, 10, 16, 19, 20	Dr. Bruce Booth 610-444-9467	
Columbia Gorge Research	<ul style="list-style-type: none"> • Transitioning fiber optic sensor technology into fielded applications • Marketing, education, consulting, patent services (including evaluation and licensing), research and development support, and enabling products 	2, 18	Dr. Eric Udd 503-328-8518	
RGS Associates	<ul style="list-style-type: none"> • Information Management • Information Technology • Human Capital Management • Strategy and Operations • Acquisition and Program Management • Logistics 	2, 8, 12, 16, 17, 20, 21, 22	Dyson Richards 703-769-5883	
Pettit Applied Technologies, Inc.	<ul style="list-style-type: none"> • Developing new technologies and incubating new high-tech companies • Spinning off startup business ventures in industries that include aerospace, industrial controls, biotechnology and nanotechnology 	1, 2, 5, 8, 9, 10, 11, 16, 20	Dr. John Pettit 301-926-3549	
Kigre, Inc.	<ul style="list-style-type: none"> • Developing and manufacturing laser-related components for original equipment manufacturers worldwide • Components for most laser-based equipment and apparatus throughout the world – from simple rangefinders to sophisticated medical devices to high energy fusion research apparatuses 	4	Michael Myers 843-681-5800	
NCDMM National Center for Defense Manufacturing and Machining	<ul style="list-style-type: none"> • Identifying and implementing manufacturing process improvements that lead to significant cost savings, improved quality, and reduced lead times of manufactured systems • Developing and transitioning to the shop floor improved manufacturing technologies and methodologies • Providing disciplined training on the latest manufacturing and machining technologies and methodologies 	1, 2, 5, 10, 12	Jim Fisher 724-539-6133	
Translume	<ul style="list-style-type: none"> • Precision glass micromachining • Fabrication and design of standard and custom glass microfluidic chip / lab-on-a-chip/ flow cell • Fabrication of mechanical flexures and flexure-based mechanisms made out of fused silica glass • Fabrication of accelerometer platform (mechanical resonator) made out of glass • Fabrication of optical waveguides in glass substrates • Fabrication of ion traps, for basic quantum study, quantum sensing and mass spectrometry • Fabrication of atom traps • Fabrication of precision-machined aperture and slits 	4	Dr. Philippe Bado 734-528-6371	
AKIMEKA A Subsidiary of VSE Corporation	<ul style="list-style-type: none"> • IT project & program management • Customized software design • Network engineering • Telecommunications services • GIS design & development • Clinical systems engineering & integration • Software testing & quality assurance • Software documentation & configuration management • Web-based training & educational technologies • Data extractions, mining, caching & warehousing • Information assurance engineering & development • Electronic healthcare systems integration • Public safety systems engineering & support • Data center operations & maintenance 	All 22 areas	Alice Sundquist 407-875-2457	
SFS Global	<ul style="list-style-type: none"> • Logistics, maintenance, repair services at all levels (field maintenance support through sustainment/depot) • Logistics supply, storage, distribution, and redistribution • Repair parts/major assemblies and subsystems refurbishment, overhaul, preservation, kitting, storage and distribution • Program management, acquisition support, and facilities support services 	7, 16, 17	Dr. Bruce Borup 510-648-1369	
BEAR RIVER Smarter At Every Step	<ul style="list-style-type: none"> • Enterprise software vendor providing business services solutions • Enterprise-wide tracking of accountable items through configurable workflows that provide a complete chain-of-custody for all materials handled • BearTracks integrates with related software and hardware solutions to store all details of workflow steps, and the objective measurement of service levels for workflows and workflow phases • Measurement of service levels and monitoring of key performance indicators 	6, 10, 11, 16, 17	Anthony Meadow 510-834-5387	
ATC	<ul style="list-style-type: none"> • IT strategy • Cloud computing/virtualization • IT infrastructure management and monitoring • System administration • Cyber security • Data consolidation and server management 	5, 6, 12	Dr. Anh Ta 703-574-0282	
Lab Answer LABORATORY INFORMATICS	<ul style="list-style-type: none"> • Laboratory and scientific informatics: Development, architecture, deployment, training, COTS configuration, and support 	17	Kelly Klepinger 937-902-8548	
HLA Harlan Lee & Associates LLC International Business Services	<ul style="list-style-type: none"> • Strategic planning • Intelligence analysis • Visual information production • Public affairs services • Executive administrative support • Facilities management • Financial management • Protocol and other training • International conference management 	6 & 7	Harlan Lee 703-442-7727
